

Policy and Strategy Scenarios

ACTIVITY 4: Aims to raise awareness of how to communicate and implement policies and strategies and understand the different methods to assess the impact of policies on health and wellbeing

Case Studies for this activity can be drawn from **DCSF – *Turning the Curve Stories***:

Use the four case studies between pages 76-89 in this document. Provide the detail but leave the action plan and strategy and learning outcomes until the completion of the activity. You could label your case studies:

(CS – 2a,2b,2c,2d)*

***N.B: The number 2 is used to avoid confusion between these and the Partnership Scenarios in the Collaborative Working Module.**
